

CURRICULUM VITAE

Htoo Kyaw M.D., F.A.C.C, R.P.V.I.

AAMC ID - 12994676

htookyaw2007@gmail.com

10600 Harpenden Avenue

Bakersfield, CA 93311

Ph. 323-303-7398

Education

1. Interventional Cardiology Fellowship [**Chief fellow**], Mount Sinai Hospital, Icahn School of Medicine, New York (2021-2022)
2. Advanced Catheterization (Academic and Research) Track, Mount Sinai Hospital, Icahn School of Medicine, New York (2020-2021)
3. Mount Sinai Health Care Leadership Program, Icahn School of Medicine, New York (2020-2021)
4. Cardiovascular disease Fellowship, Department of Cardiology, Mount Sinai Hospital/ Brooklyn Hospital Center, New York [**Chief Fellow**] (2017-2020)
5. Congestive Heart Failure Fellowship, Mount Sinai Beth Israel Hospital, NY (2016-2017)
6. Internal Medicine Residency (MD), Brooklyn Hospital Center, NY (2013-2016)
7. University of Medicine, Mandalay, Myanmar, M.B., B.S (2008)
8. ECFMG Certified 2012 - 07758089
9. CAMC Certified (Caribbean Association of Medical Council, Jamaica) 2010

Licensures

12/2015 – Present California State Medical License
06/2016 – Present New York State Medical License

Board Certifications

1. Board Certified in American Board of Internal Medicine (2016)
2. Board Certified in American Board of Cardiology (2020)
3. Board Certified in American Board of Interventional Cardiology (2022)
4. Board Certified in American Society of Vascular Medicine - Endovascular (2022)
5. Board Certified in American Society of Nuclear Medicine (2020)
6. Board Certified in American Society of Echocardiography (2019)

Other Certifications

1. Certified in Registered Physician in Vascular Interpretation (RPVI)

Professional Experiences/Employment

Interventional Cardiologist

Director of Echocardiography Lab at Bakersfield Memorial Hospital

Affiliated with Bakersfield Memorial Hospital, Adventist Health Bakersfield Hospital, and Mercy Hospital

July 2022- Current

Interventional Cardiology Fellowship [Chief fellow]

Mount Sinai Hospital, Icahn School of Medicine, New York

July 1, 2021-June 30, 2022

Responsibilities:

- Attend morning report, journal club, grand rounds and daily didactic lectures
 - Involve in cardiology consult, overnight call, STEMI call and perform cardiac catheterization and percutaneous coronary interventions
 - Perform various mechanical support device placement (i.e. Impella, IABP, ECMO)
 - Participate in complex coronary intervention using atherectomy, filters, and thrombectomy devices
 - Perform and involve in peripheral artery and venous diseases intervention
-

Advanced Catheterization (Academic and Research) Track

Mount Sinai Hospital, Icahn School of Medicine, New York

July 1, 2020- June 30, 2021

Responsibilities:

- Attend morning report, journal club, grand rounds and daily didactic lectures
 - Perform cardiac catheterization and percutaneous coronary interventions
 - Establish and participate in cardiovascular disease research projects
 - Involve in conceptualization, content creation, and designing of various novel teaching mobile applications for fellow in training - TAVRcathAID, GuidewireAID, DevicesAID
-

Mount Sinai Health Care Leadership Program

Icahn School of Medicine, New York

September 2020- June 30, 2021

- Attend daily didactic lectures to understand and elevate effectiveness in a variety of team settings in health care delivery system
 - Increase critical self-awareness of leadership styles and impact
-

Fellow, Cardiovascular disease, Department of Cardiology [Chief Fellow]

Mount Sinai/Brooklyn Hospital Center, New York

July 1, 2017- June 30, 2020

Responsibilities:

- Attended morning report, journal club, grand rounds and daily didactic lectures
 - Involved in cardiology consult, CCU rotation, CATH lab rotation and non-invasive procedures including echocardiogram, nuclear and exercise stress test
 - Established and participated in cardiovascular disease research projects
-

Congestive Heart Failure Fellowship, Department of Cardiology

Mount Sinai Beth Israel Hospital, New York
July 1, 2016 – June 30, 2017

Responsibilities:

- Attended cardiology morning report, noon conference and daily didactic teaching sections (Echocardiogram, EKG, and Stress test).
- Involved in congestive heart failure consult, teaching round and discuss with attending physician regarding management plan.
- Followed up heart failure patients in heart failure clinic and modify the treatment plan accordingly.
- Instituted and engaged in Heart Failure: Get with the Guideline and other research projects.

The Brooklyn Hospital Center, New York
Internal Medicine Residency
Clinical and Academic affiliate of Icahn School of Medicine at Mount Sinai Hospital
July 1, 2013- June 30, 2016

Responsibilities:

- Underwent various rotations including medical ICU, CCU, outpatient clinic, ER rotations, and other subspecialties.
- Conducted history-taking and physical examination and discussed with Attending physician regarding diagnosis and treatment.
- Performed case presentation in morning report and attended grand rounds.
- Commenced and accomplished several institutional performance improvements and research projects.
- Participated in doing various procedures including central line placement, Foley catheter, nasogastric tube, and paracentesis.

Kindred Hospital/Floyd Medical Center
Dr. Brij M Singh, Rome, GA
April 8, 2012- May 10, 2012
Externship

Responsibilities:

- Performed history taking and physical examination of ICU patients.
- Participated case-based presentations including treatment plan.
- Reviewed and discussed the latest treatment guideline.
- Discussed medico-legal aspect in the management of terminally ill patients who were willing to withdraw life support.

Weill Cornell Medical College/ New York - Presbyterian Hospital
Dr. Fay Lin, M.D, M.Sc.
June 10, 2012- May 15, 2013
Research Assistant

Responsibilities:

- Reviewed the inpatient and outpatient records and analyzed potential eligible individuals for research projects (Coronary Artery Disease in Heart Failure with normal ejection fraction and TAVR research study).
 - Obtained the informed consent to participate in the research study.
 - Observed the studied patient evaluation by Dr. Lin and helped for enrollment.
 - Data analysis and Data entry for research studies.
-

Welcome Health Care Clinic

Dr. Min Aung Wong, Brooklyn, New York

March 25, 2011 – March 30, 2012

June 5, 2012- May 7, 2013

Externship

Responsibilities:

- Obtained detailed history of adult patients.
 - Interviewed and interacted with patients and family members.
 - Involved in health education counseling of chronic medical diseases.
 - Facilitated and helped older adults who need assistance when they came to the clinic.
-

Port Antonio Hospital, Jamaica WI

February 4, 2010 – March 3, 2011

Attending physician

Responsibilities:

- Involved in management of in-patient, out-patient and emergency patients (e.g., Myocardial infarct, cerebrovascular accident, acute asthmatic patient, sickle cell crisis).
 - Provided appropriate treatments and referrals and treatment for all types of emergency trauma and surgical patients, OB&GYN, and Pediatric patients.
 - Health education while delivering post-hospital follow up in the outpatient clinic.
 - Monthly oral presentations of Latest Treatment guidelines.
-

Cornwall Regional Hospital, Jamaica WI

September 10, 2009 – January 20, 2010

Resident Physician

Responsibilities:

- Engaged in the daily round and management of patients including in-patient, and out-patient setting.
 - Participated in case presentation and discussion.
 - Diagnosed and devised the treatment plan for emergency medical patients.
-

Mandalay Workers' Hospital, Myanmar

Dr. Than Maung, M.B., B.S, M.Sc.

April 1, 2008 – August 20, 2009

Resident Physician

Responsibilities:

- Directly Involved in the management of hospitalized patients and supervised junior doctors.
 - Gave Health education and ensured to have proper documentation of infectious diseases
 - Timely management in case of infectious disease outbreak (e.g., Cholera)
-

Mandalay General Hospital, Central Women Hospital, Mandalay Children's Hospital, Myanmar
Dec 14, 2006-Dec 31, 2007

Internal Medicine/Family Practice Residency

Responsibilities:

- Rotated in medical, surgical, OB/GYN, pediatrics and other subspecialties
 - Worked both day and night shifts, and attended morning round
 - Had to conduct history taking and case presentation
 - Followed up blood results and performed various procedures (e.g., phlebotomy, peritoneal tap, lumbar puncture, wound suturing, and local and spinal anesthesia)
 - Assisted in minor and major operations with senior physicians.
-

Volunteer

Volunteer Doctor

- Cape Negrais Medical Relief Team, Myanmar (05/ 2008 - 07/2008)
-

Research Experiences

Publications

Peer-reviewed journal articles/abstracts

Innovative Mobile App Development

1. **GuidewireAID** (@ Apple and Google Store)
 - Involve in conception, design, and content creation
 - Review and select appropriate cases for teaching
-

2. **TAVRcathAID** (@ Apple and Google Store)
 - Revise the updated content along with case based approach
 - Review updated animated video for coronary catheter engagement
 - Involve in designing of the app

3. **DeviceAID** (@ Apple and Google Store)
 - Conceptualize design and create various content of devices used in percutaneous coronary intervention, mechanical circulatory support, atherectomies devices
 - Participate in designing of the app

Honors/Awards

2022	The Best Fellow of the Year: Mount Sinai Hospital (Interventional Cardiology)
2016	The Brooklyn Hospital Center- CHAIRMAN Award (The Best Resident Award)
2016	Excellence in Teaching in Brooklyn Hospital Center
2015	Service Excellence Award in Brooklyn Hospital Center
2014-2015	Certificate of Excellence for Clinical Documentation: Brooklyn Hospital Center
2013	Academic Achievement Award from BAMA (Burmese American Medical Asso:)
2011	Excellence in Education in USMLE Exams from MAMES
2002-2007	Annual Medical School Scholarship Award
2003	Best Biochemistry Award
2001	Best performance in National Matriculation Exam
2000	Outstanding Student Award, High School (1) Pyin Oo Lwin
